प्रधान मंत्री कार्यालय
नई दिल्ली-110 011

Dated: 10 April, 2006

Notification

Sub: Setting up a High Level Committee on Manufacturing.

Government has decided to constitute a High Level Committee on Manufacturing for resolving policy issues that may arise in the implementation of the National Manufacturing Initiative as may be adopted by Government as well as in the operationalization of the plans for the growth of various sub-sectors of manufacturing.

2. The composition of the Committee on Manufacturing would be:

- | | | |
|--|---|-----------------|
| a) Prime Minister | - | Chairman |
| b) Finance Minister | - | Member |
| c) Commerce & Industry Minister | - | Member |
| d) Minister of the sub-sector concerned (where applicable) | - | Member |
| e) Deputy Chairman, Planning Commission | - | Member |
| f) Chairman, Economic Advisory Council | - | Member |
| g) Principal Secretary to P.M. | - | Member |
| h) Chairman, National Manufacturing Competitiveness Council (NMCC) | - | Member/Convener |

The following officers would be permanent invitees:

- a) Member Secretary, NMCC
- b) Finance Secretary
- c) Secretary, Department of Commerce
- d) Secretary, Department of Industrial Policy & Promotion
- e) Secretary, Ministry of Heavy Industry & PE.
- f) Secretary, Ministry of SSI & ARI
- g) Secretary, Economic Advisory Council

Any other Minister/Officer may be invited to any of the meetings of the Committee depending upon the requirement.

3. The Committee would engage in the following tasks:

- a) Suggest and review implementation of the National Manufacturing Initiative as may be adopted by government for achieving a sustained growth of 12% in manufacturing;
- b) Create a policy framework for encouragement and necessary reforms of the manufacturing sector covering all the aspects of manufacturing competitiveness;
- c) Address macro-economic issues impinging on the growth and competitiveness of the manufacturing sector;
- d) Ensure coordination of the policy functions of the various Ministries which deal with manufacturing sub-sectors directly or support growth and competitiveness of manufacturing indirectly to achieve the objective of a 12 per cent growth;
- e) Review the implementation of the time-bound action plans of various sub-sectors in the manufacturing sector for achieving the desired growth rates;
- f) Encourage break through ideas/thrusts in the manufacturing sector taking an economy-wide integrated view;
- g) Ensure robust growth of manufacturing sector through appropriate interventions such as investments in innovation and technology, skill building, right market framework and regulatory environment etc;
- h) To facilitate making India a manufacturing hub for areas having potential for global competitiveness for the world market, such as, textiles, automobiles, leather, food processing, steel, metals, chemical and petroleum products, etc.;

- i) Review for coordinating effectively the cluster approach being followed by different Ministries such as Textiles, Industrial Policy & Promotion, Commerce, Rural & Village Industry, Food Processing, Urban Development etc.;
 - j) To monitor the National Manufacturing Competitiveness Programme (NMCP) as may be designed to improve the firm level competitiveness of Indian firms including the SMEs;
 - k) Promote evaluation/monitoring/research reports/studies as required; and
 - l) To give advice on any other issues relating to Manufacturing.
4. The Committee would be serviced by the PMO assisted by the NMCC.
